

### **Passed Rule by Catering/Social Hall Committee**

Barring existing contractual obligations and scheduling with caterers and/or other vendors, and the use of the Shul on Shabbat or Holidays, any member-in-good-standing may rent any room in the shul, as per the existing member rental rates, for any approved purpose, religious, commercial, social or other. An approved purpose would consist of anything the Member chooses, so long as said use does not contradict any existing Shul policy, Orthodox Jewish Halacha (Law) or the general will of the Membership at large as a Modern Orthodox Jewish Synagogue. Such determinations will be at the discretion of the Catering Hall Committee and/or the synagogue administrator, who may consult with The Rabbi in regards to any questionable use with regards to Orthodox Jewish Halacha (Law) only. In this case, the Rabbi's determination shall be the final determination of all use issues, and said Rabbi's determination shall be applied to all identical use requests equally.

Additionally, the Executive Director shall coordinate through Chairman of this Committee, for any new requests for room rentals and catering jobs via email, telephone or any other reliable means of communication. The Chairman and the Committee will approve or deny each use within 2 business days of receipt of same.
